DYMO® LabelPoint 350

INVENT YOUR INVENTORY

THE EASY WAY TO CREATE PROFESSIONAL TAPE LABELS

13 styles

7 fonts

4 tape widths

Time is indeed money. Survival in the new, more highly competitive global market depends on improved productivity. Optimise your organisation and efficiency with the new LabelPoint 350. It offers everything you need for clear legible labels, to help create an optimal management system for any environment, from office to production floor. The LabelPoint 350 offers you a range of features not available on any other machine, anywhere. Let the LabelPoint 350 help you create the most professional, efficient and effective work environment possible.

4 TAPE WIDTHS, COUNTLESS POSSIBILITIES

NEW DESIGN FOR A NEW AGE

The LabelPoint 350 features the most advanced ergonomic design available for efficient handheld label making. Text appears bright and clear in any light on the large semi-graphical display. Perfect PC and Mac connectivity is assured by the USB connection (USB 2.0), allowing quick downloading of information and images. DYMO has spared no effort in creating this absolutely top-of-the-range handheld labelmaker.

MULTIPLE FEATURES IN ONE MACHINE

The LabelPoint 350 features exceptional memory functions including ten memory fields, ten different personal preference settings and stores the last 15 labels for speeding up repetitive jobs. Design labels up to 99 characters long and use up to three different design formats per label, to create high visible impact. It also prints out multiple copies of a label and has an incremental numbering feature, saving time printing. You can even enter 6 formats of barcode. Preview a completed label before printing to check the text and style, to help reduce errors.

TOP HANDHELD MACHINE FOR ANY LABELLING JOB

Use the optimal size tape for the job. The LabelPoint 350 accepts four tape widths, 6 mm, 9 mm, 12 mm and 19 mm. It can print up to five lines horizontally as well as vertically. Seven different fonts and many symbols are available. You can select from six boxes as well as underlining for additional emphasis. The machine is capable of 13 different styles including plain, italic, outline shadow, mirror, vertical and bold. PC and Mac connectivity offers the versatility to print logos and fonts of your choice.

POWER SUPPLY

The LabelPoint 350 uses either six AA alkaline batteries or optional adaptor. The LabelPoint 350 is the most advanced, robust, all-purpose handheld labelling tool available. Used as a stand alone labelmaker or in conjunction with a PC or Mac, LabelPoint 350 is state-of-the-art.
